

A Scan of Disadvantage in Queensland 2010

The report aims to create momentum for a proactive, coordinated and targeted approach to reducing entrenched disadvantage in Queensland. It shows the continuing locational nature of disadvantage and recommends place-based partnerships across community, government and business as critical response.

By Fiona Caniglia, Pam Bourke and Angkana Praphakorn Whiley

Note: If you have any trouble downloading the full report or any of the chapters, please email the Centre on uc.socialjustice@ucareqld.com.au and we will send you a free disc or email you the section you require. If you would like a hard copy, please email the centre with your request. Download Report Overview and Framework for Responding
